July's Newsletter

Evening Everyone,

Apologies for the delay in sending out the July newsletter

Hope you are all keeping safe and well and looking forward to getting back on the dance floor. If you are anything like Willie and me, you will also have forgotten all the dance steps and require starting from scratch even although we have been following Dancebasics online through Facebook. I am certainly looking forward to getting the dresses back out.

During the lockdown we have welcomed two more Grandchildren to our family with Baby Elaina born last November and Baby Josh born in May this year this adds to our ever-increasing family. We can't wait to get back and catch up with all your news as well.

With the positive news of going to level 0 and restrictions being eased we are hopeful of getting back to dancing soon.

The committee has had a meeting this week with the hotel and although some information was forthcoming, we still need further conformation from the hotel as to what we can and cannot do and when we can restart. We will update you with a confirmed date when we get the information.

Best regards,

Brenda Jamieson
